

The Incredible Race

The Incredible Race is a fun, entertaining, and not-too-strenuous activity that will test your team's ability to perform in a new environment. Set in the Disney Theme Parks, participants solve a series of challenging puzzles or team activities before progressing to the next challenge point.

Teams will need to use critical thinking and problem-solving techniques to decipher clues that reveal the next location and solve "speed bumps" along the way to shorten their finishing times. Teamwork and communication are essential for success. Depending on their decisions, teams might be the first to cross the finish line, but not be the first-place medal-winners.

Both newly formed teams and established teams of all sizes will benefit from this experience. Participants will use critical thinking and problem solving techniques to unleash the full creative potential of each team and ultimately, your organization. Get your attendees out of the meeting room for learning and fun. Leave the rest up to *Disney Institute*. It's never the same race twice!

Meeting space is required for the introduction and debriefing portions of the program.

Medals will be awarded to the first-, second- and third-place teams.

Team size: 4 to 10 people per team.
